The Rules & Guidelines are intended to provide our members' an opportunity to play in a safe and respectful environment. Many of the rules and guidelines are operational in nature designed specifically to protect the interests of the members and the Association.

We also use and abide by the philosophy and Codes of Conduct found below, and on our website, and all players are expected to do so, as well.

The RA encourages and promotes Member participation within the guidelines of the rules and their intent. Stay fit, stay active, have fun!

Athletes Code of Ethics • I will play the game with a spirit of good sportsmanship. • I will conduct myself in an honorable manner both on and off the field. • I will never knowingly break a rule, but if I do, I will divulge the breach. • I will take no action that could be interpreted as an attempt to intimidate or demean my opponents, teammates or officials. • I will interpret the rules in an impartial manner, always keeping in mind that the purpose of the rules is to ensure that the game is played in an orderly and fair manner. • I will humbly accept any penalty that the governing body at any level of the game deem appropriate; if I am found in violation of the code of ethics or rules of the game.

Fair Play • Fair Play begins with the strict observance of the written rules; however, in most cases, Fair Play involves something more than even unflinching observance of the written rules. The observance of the spirit of the rules whether written or unwritten, is important. • Fair Play results from measuring up to one's own moral standards while engaged in competition. • Fair Play is a consistent demonstration of respect for teammates and opponents, whether they are winning or losing. • Fair Play is a consistent demonstration of respect for officials, an acceptance of their decisions and a steadfast spirit of collaboration with them. • Sportsmanship behavior should be demonstrated both on and off the field. This includes modesty in victory and composure in defeat. R
